**Re: WC Docket No. 14-58
2016 ETC Annual Report of Smart City Telecommunications, LLC
Study Area Code 210330**

Dear Ms. Dortch:

On behalf of Smart City Telecommunications, LLC ("Company"), JSI files the attached confidential version of the FCC Form 481 ETC annual reporting information pursuant to sections 54.313 and 54.422 of the Commission's rules.¹ Company seeks confidential treatment under Protective Order for section 54.313(f)(2) financial information.² The redacted version is being filed this date via the FCC's Electronic Comment Filing System. In addition, attached is a letter requesting confidential treatment under Sections 0.457 and 0.459 of the Company's Five-Year Service Quality Improvement Plan Progress Report required by Section 54.313.³

Please direct any questions regarding the filing to the undersigned.

Sincerely,

John Kuykendall
JSI Vice President
301-459-7590

**Re: WC Docket No. 14-58
2016 ETC Annual Report of Smart City Telecommunications, LLC
Study Area Code 210330
Request for Confidentiality**

Dear Ms. Dortch:

John Staurulakis, Inc. (“JSI”), on behalf of its client Smart City Telecommunications, LLC (the “Company”) hereby requests, pursuant to Sections 0.457 and 0.459 of the Commission’s rules,¹ withholding from public inspection certain information contained in an attachment to the above referenced reporting requirement. The Company provides the following in support of its request, numbered consistent with the subparagraphs of Section 0.459(b).²

1. The information for which the Company is seeking confidential treatment is an attachment to the Company’s annual reporting information pursuant to Sections 54.313 and 54.422 of the Commission’s rules (“Report”).³
2. Pursuant to Section 54.313, Rate-of-Return Eligible Telecommunications Carriers (“ETCs”) must file with the Commission a Progress Report on its Five-Year Service Quality Improvement Plan (“Progress Report”) which is contained in the attachment to the 2016 Report.⁴
3. The information contained in attachment for which the Company seeks the withholding from public inspection is the entirety of data pertaining to the Company’s Progress Report provided at FCC Form 481 Line 112 attachment. Information of this nature is confidential commercial information routinely withheld from public inspection.

¹ 47 C.F.R. §§ 0.457, 0.459.

² 47 C.F.R. § 0.459(b)(1) through (9).

³ 47 C.F.R. §§ 54.313, 54.422.

⁴ 47 C.F.R. §§ 54.313.

4. With respect to identifying the degree to which the subject attachment concerns a service that is subject to competition, the information is of a financial and competitive nature regarding the provision of telecommunications services. The Line 112 attachment contains competitively sensitive information related to proposed improvements or upgrades and maintenance the Company's network.

In its *March 5, 2013 Order*, the FCC. The FCC specified that for rate-of-return carriers, the five-year plans "should describe the carrier's network improvement plan, which should provide greater visibility into current plans to extend broadband service to unserved locations in rate-of-return service territories."⁵ The Company's Progress Report updates this information as well as provides maps and detailed information as to whether or not network improvement objectives were achieved at the wire center level. Accordingly, because the Company is a rate-of-return carrier, it must file Progress Reports which contain proprietary, competitively sensitive information related to the Company's existing network including the specific locations of customers as well as describe proposed improvements or upgrades and maintenance of its network throughout its service area. Specifically, this information sets forth services provided by the Company over its existing network including specific locations of customers as well as planned network improvement and maintenance for the years 2015 through 2019 including project start and completion dates, population that will be impacted by the improvements and upgrades at the wire center level and projected capital costs associated with the improvements and upgrades and operating costs associated with maintaining the network including depreciation for investments that have already been made. As such, this information contains competitively sensitive information related to the Company's existing network as well as detailed plans at the wire center level for network upgrades and maintenance projected for the years 2015 through 2019.

5. With respect to identifying possible exposure to competitive harm, the information contained in the Line 112 attachment is information that is not customarily released to the public. This information is proprietary to the Company, is unique to the Company's serving territory and is only known to the Company and its authorized agents. If the Information is not protected, it would have economic value to potential competitors who would be able to target their marketing to specific customers. In a competitive telecommunications marketplace, this type of information is highly sensitive. If publicly disclosed, it would enable competitors to craft business plans that capitalize on their knowledge of the locations of the Company's customers which would place the Company at a competitive disadvantage.
6. With respect to steps the Company has taken to ensure against unauthorized disclosure of the information contained in the attachment, the Company is filing

⁵ See *Connect America Fund et al.*, WC Docket 10-90 *et al.*, Order, DA 13-332 (rel. Mar. 5, 2013) ("*March 5, 2013 Order*") at para 9 citing Section 54.202(a) (1) (ii).

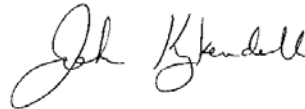

the attachment under seal. The Company uses the information contained in the Progress Report to ensure that its customers continue to receive state-of-the-art high quality telecommunications and broadband services that the Company has been providing to them for many years as well as to satisfy mandatory reporting requirements and does not share the information for which protection is sought. The Company protects the secrecy of this information with a security protocol that ensures the information is not inadvertently disclosed or disseminated. Only directors, managers and employees with a direct need to know are authorized to access the information.

7. Any previous versions of this information are not publicly available.
8. Because the information is not routinely available, a need exists for maintaining the confidentiality of this information permanently.
9. Not applicable.

Based on the preceding, JSI respectfully requests on behalf of the Company that the Commission grant confidential treatment under Section 0.459 to Company's Progress Report provided at FCC Form 481 Line 112 attachment.

Please contact the undersigned with any questions regarding this request.

Sincerely,

John Kuykendall
JSI Vice President

4005 Rural Broadband Experiment

Authorized Rural Broadband Experiment (RBE) recipients must address the certification for public interest obligations, provide a list of newly served community anchor institutions, and provide a list of locations where broadband has been deployed.

Public Interest Obligations – FCC 14-98 (paragraphs 26-29, 78)

Please address Line 4001 regarding compliance with the Commission’s public interest obligations. All RBE participants must provide a response to Line 4001.

4001. Recipient certifies that it is offering broadband to the identified locations meeting the requisite public interest obligations consistent with the category for which they were selected, including broadband speed, latency, usage capacity, and rates that are reasonably comparable to rates for comparable offerings in urban areas?

Community Anchor Institutions – FCC 14-98 (paragraph 79)

4003a. RBE participants must provide the number, names, and addresses of community anchor institutions to which they newly deployed broadband service in the preceding calendar year. On this line, please respond (yes – attach new community anchors, no – no new anchors) to indicate whether this list will be provided.

If yes to 4003A, please provide a response for 4003B.

4003b. Provide the number, names and addresses of community anchor institutions to which the recipient newly began providing access to broadband service in the preceding calendar year.	Name of Attached Document Listing Required Information	
--	--	--

Broadband Deployment Locations – FCC 14-98 (paragraph 80)

4004a. Attach a list of geocoded locations to which broadband has been deployed as of the June 1st immediately preceding the July 1st filing deadline for the FCC Form 481.	Name of Attached Document Listing Required Information	
---	--	--

4004b. Attach evidence demonstrating that the recipient is meeting the relevant public service obligations for the identified locations. Materials must at least detail the pricing, offered broadband speed and data usage allowances available in the relevant geographic area.	Name of Attached Document Listing Required Information

Progress Report**

ATTACHMENT REDACTED IN ENTIRETY

Smart City Telecommunications, LLC - SAC 210330

Line 310 – Unfulfilled Voice Service Requests Resolution

- Smart City had one unfulfilled request for voice service in 2015.
 - The customer was a multi-tenant residential location. The customer requested 3 voice lines along with shared Ethernet service with symmetrical 10 Mbps internet service via fiber to the premises. The construction costs were estimated to be \$7,938.00. The customer unwilling to pay the construction and requested the build costs to be rolled into the 36 month lease rate. Smart City provided the monthly recurring charge of \$694.00. Service was refused by the customer.

Smart City Telecommunications, LLC - SAC 210330

Line 330 – Unfulfilled Broadband Service Requests Resolution

- Smart City had two unfulfilled broadband requests in 2015.
 - The first was a business customer location that was brand new and Smart City had no facilities to the location. The customer requested 50 Mbps broadband. The construction costs were \$16,246.00 to extend facilities to the location. The customer was unwilling to pay this amount and requested the build costs to be rolled into the 36 month lease rate. Smart City provided the monthly recurring charge including the construction costs and it was \$1,770.00. Service was refused by the customer.
 - The second was a multi-tenant residential location. The customer requested 3 voice lines along with shared Ethernet service with symmetrical 10 Mbps internet service via fiber to the premises. The construction costs were estimated to be \$7,938.00. The customer unwilling to pay the construction and requested the build costs to be rolled into the 36 month lease rate. Smart City provided the monthly recurring charge of \$694.00. Service was refused by the customer.

Smart City Telecommunications, LLC
Demonstration of Complying with Applicable Service Quality Standards and
Consumer Protection Rules for Voice and Broadband

In establishing this certification in its *2005 ETC Order*,¹ the FCC found that an ETC must make “a specific commitment to objective measures to protect consumers.”² The FCC found that for wireless ETCs, compliance with CTIA’s Consumer Code for Wireless Service would satisfy this requirement” and that the sufficiency of other commitments would be considered on a case-by-case basis.³ In this context, the FCC stated, “to the extent a wireline or wireless ETC applicant is subject to consumer protection obligations under state law, compliance with such laws may meet our requirement.”⁴

Smart City Telecommunications, LLC (“Company”) hereby certifies that it is complying with applicable service quality standards and consumer protection rules. The Company is subject to consumer protection obligations under state law. These obligations include, but are not limited to, the following: (1) Filing of Service Schedules pursuant to the requirements of Florida Administrative Code § 25-4.0341 and Florida Statutes, Title XXVII, Chapter 364 Telecommunications Companies, 364.04, which disclose rates to customers; (2) adherence to Florida state consumer protection requirements governing telephone providers for Compliance with Anti-Slamming Procedures as adopted in Florida Administrative Code § 25-4.118; and (3)

¹ *Federal-State Joint Board on Universal Service*, CC Docket No. 96-45, Report and Order, FCC 05-46 (rel. Mar. 17, 2005) (“2005 ETC Order”).

² *Id.* at para. 28.

³ *Id.* The FCC noted that under the CTIA Consumer Code, wireless carriers agree to: “(1) disclose rates and terms of service to customers; (2) make available maps showing where service is generally available; (3) provide contract terms to customers and confirm changes in service; (4) allow a trial period for new service; (5) provide specific disclosures in advertising; (6) separately identify carrier charges from taxes on billing statements; (7) provide customers the right to terminate service for changes to contract terms; (8) provide ready access to customer service; (9) promptly respond to consumer inquiries and complaints received from government agencies; and (10) abide by policies for protection of consumer privacy.” *Id.* at n. 71.

⁴ *Id.* at n. 72.

compliance with CPNI as identified in Florida Statutes Title XXVII, Chapter 364, 364.24, Red Flag Rules and other applicable federal and state requirements governing the protection of customers' privacy.

The Company is subject to consumer protection obligations for broadband services under federal law. These obligations include, but are not limited to, the following: public disclosure of accurate information regarding network management practices, performance, and commercial terms of broadband internet access services; as a means of providing sufficient information for consumers to make informed choices regarding use of such services, and for content, application, service and device providers to develop, market, and maintain internet offerings as specified in F.C.C. 47 C.F.R. Part 8 §8.3. The Company furthermore will comply with all requirements set forth in the *2015 Open Internet Order*.

Smart City Telecommunications, LLC
Demonstration of Ability to Function in Emergency Situations for Voice and Broadband

Smart City Telecommunications, LLC (“Company”) hereby certifies that it is able to function in emergency situations as set forth in the Code of Federal Regulations, Title 47, Part 54, Subpart C, §54.202(a)(2)¹. The Company’s network is designed to remain functional in emergency situations without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations as required by Section 54.202(a)(2). The Company can reroute traffic around damaged facilities. Changing call routing translations will also allow the Company to manage traffic spikes throughout its network, as emergency situations require.

Specifically, each central office building is supplied with standby generators and battery back-up that enable the central office to keep running until power is restored so long as fuel is available, or until system changes are made to reroute traffic. Company's standby generators and battery back-up support both voice and broadband network equipment should an emergency situation occur. Further, Company has implemented and maintains a Disaster Recovery Plan.

¹ Section 54.202(a)(2) requires ETCs that are designated by the Commission to “demonstrate its ability to remain functional in emergency situations, including a demonstration that it has a reasonable amount of back-up power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations.”

Lifeline Assistance

Qualified residential telephone subscribers are eligible for the Lifeline Assistance Program. This program provides discounts on basic telephone services. This program offers assistance on one (1) telephone line per household at the customer's principal residence. Customers receiving benefits from any of the following programs may qualify for these savings:

- Supplemental Security Income (SSI)
- Medicaid
- Low-Income Home Energy Assistance (LIHEAP)
- Federal Public Housing Assistance (Section 8)
- Food Stamps
- Temporary Assistance to needy Families (TANF)
- Supplemental Nutrition Assistance Program (SNAP)
- Bureau of Indian Affairs programs
- National School Lunch (NSL) Program (free meals program only)
- Household income no more than 150% of the U.S. Poverty Guidelines

If you have any questions about program eligibility or would like to sign up for Lifeline Assistance, please contact our Customer Care Team at 407-828-6700 or service@smartcity.com.

Qualified residential subscribers will receive a maximum Lifeline credit of \$9.25 per month on their local telephone bill. Contact a Smart City Telecom Account Representative for more details.

Línea Vital

El programa de la Línea Vital está disponible a suscriptores residenciales que reúnan los requisitos necesarios. Este programa está diseñado para asegurar el servicio telefónico básico.

El Programa ofrece asistencia para una línea telefónica, por residencia, en la residencia principal del cliente. Consumidores que estén recibiendo asistencia de cualquiera de los siguientes programas podrían calificar para este beneficios:

- Seguridad de Ingresos Suplementarios (SSI)
- Medicaid
- Asistencia de Energía Para Hogares de Bajos Ingresos (LIHEAP)
- Asistencia Federal para Viviendas Publicas (Sección 8)
- Cupones de Alimentos
- Asistencia Temporal para Familias Necesitadas (TANF)
- Programa de Nutricion Suplementaria (SNAP)
- Programas Patrocinados por Gobiernos Indigenas
- Programa De Almuerzo Escolar Gratis de el Programa nacional De Almuerzo Escolar (NSL)
- Ingreso Familiar do no mas del 150% de las guias federales para nivel de pobreza

Si tiene alguna pregunta sobre la elegibilidad para participar en estos programas, o si desea solicitar los mismos, favor de comunicarse con nuestro Departamento de Servicio al Cliente al 407-828-6700 o por correo electrónico a service@smartcity.com.

BASIC LOCAL EXCHANGE SERVICE**A. GENERAL**

1. Touch-tone calling service is provided within the Lake Buena Vista and Celebration Exchanges for the origination of telephone calls. The Company is designed for the use of electronic equipment and touch-tone service. The Lake Buena Vista and Celebration Exchanges will only offer or connect with equipment which provides for 100% touch-tone calling. Only electronic switching equipment is contemplated in order to provide service of the latest technology to the telephone using public of the Lake Buena Vista and Celebration Exchanges.
2. The Exchange Service Areas for the Lake Buena Vista and Celebration Exchanges as appropriate are identified on maps filed as a supplement to this Tariff.
3. The rules, regulations and rates for service and facilities not specifically shown in this section are detailed in other sections of this Tariff.

B. MONTHLY EXCHANGE RATES**1. Lake Buena Vista Exchange****a. Local Calling Area**

The rates specified herein, payable monthly in advance, entitle subscribers to an unlimited number of local telephone messages to all stations bearing the serving exchange of Lake Buena Vista and additional exchanges or portions of the exchanges of Apopka, Celebration, Clermont, East Orange, Montverde, Orlando, Reedy Creek, Windermere, Winter Garden and Winter Park. Appropriate service connection and Installation charges will also apply.

b. Residence and Business Main Service Rates

For the classes of service here indicated where facilities are available, the following rates apply:

		Monthly Rate	Access Line Connection Charge	
1.	Residence Main Flat-Rate Service	\$ 14.00	\$10.21	(I)
2.	Business Main Flat-Rate Service	\$ 18.03	\$10.21

BASIC LOCAL EXCHANGE SERVICE**3. Bundled Local Services Package - Residential****a. General**

- (1) Company's Residential Bundled Local Services Package is an optional residential service enrollment plan that permits customers to receive residential local exchange service and certain local non-basic services and features otherwise individually available in this Tariff, for each residential local exchange service line provided, for a flat monthly rate, regardless of the exchange in which the customer is located.
- (2) Customer subscription in the Residential Bundled Local Services Package includes required and automatic subscription in Company's Smart City Residential Unlimited Minutes bundled long distance services calling package at the terms, conditions, and additional rates and charges specified in Section 3.4.5 of Company's Florida Telecommunications Tariff for that service. (T)
- (3) Residential Bundled Local Services Package customers may also subscribe to Company's voice mail service at a special bundled package services rate.
- (4) Company's Residential Bundled Local Services Package consists of:
 - (a) Flat Rate Residential Local Exchange Service, which includes unlimited calling to all access lines within the serving exchange, the additional exchanges in the associated Extended Area Service ("EAS") or Local Calling Area identified in Section A3.B. of this Tariff, and the additional exchanges in the Extended Calling Services ("ECS") categories specified in Section A3.F. of this Tariff; and
 - (b) Unlimited use by the customer of the following custom calling services and features described in Section A13 of the Tariff:
 - (1) Call Forwarding
 - (2) Call Waiting
 - (3) Caller ID Deluxe
 - (4) Call Waiting Display
 - (5) 3 Way Calling
 - (6) Call Return

(T)

b. Regulations

- (1) Residential Bundled Local Services Package is not available to those residential customers whose home phone line is classified as a "commercial", "business", "public" or "semi-public" line. Subscriber's phone line must not be in housing associated with educational institutions, and subscribers may not use this service for commercial use or for connection to the Internet, for other data services (including facsimile transmissions), or for any other use that does not involve a person to person conversation or voice message. If Company determines the service is not being used for individual residential service, or in any other way violates the restrictions of their service, Company may withdraw the subscriber's eligibility for this service and/or suspend or terminate the subscriber's service.
- (2) Residential Bundled Local Services Package customers may terminate their enrollment in this package at any time upon notice to the Company with termination being effective on the last day of the then existing month.
- (3) Unless terminated by the customer or the Company, a customer will remain Enrolled in the Residential Bundled Local Services Package, as it may be amended from time to time, with any applicable changes in rate, for as long as the package continues to be offered by the Company.
- (4) Service Charges, as described in Section A4 of this Tariff, apply to requests for new and additional package lines, and moves of existing lines. Service Charges will not apply when this package replaces or is a conversion from existing local exchange services.

Guidelines for implementation of this Program are as follows:

(a) Certification Procedures

All applications for Lifeline Assistance are subject to verification with the state agency responsible for administration of the qualifying program.

(b) Processing Procedures

The Company will process all applications and apply the appropriate credit on the subscriber's monthly bill.

(3) Verification Procedures

The Company will reconcile and confirm eligibility periodically, at a minimum semiannually, by providing the agency with a computer tape (directly or through a third party) of all credit recipients. A verification of eligible recipients will be made. The credit will be discontinued on the bill following written notification to the subscriber of ineligibility.

(4) Lifeline Assistance is available for one telephone line per residence, at the subscriber's principle place of residence.**(5) Toll blocking service is available to Lifeline Assistance subscriber's at no charge.****(6) Lifeline Assistance may not be disconnected for non-payment of toll charges however, toll service may be disconnected for non-payment of toll charges.**

(T)

(7) Deposit requirements do not apply to Lifeline Assistance subscribers if toll blocking is employed.**(8) The Company shall provide Lifeline Assistance to eligible subscribers who have been previously disconnected for nonpayment of their telephone bills, provided that those customers also subscribe to toll blocking service.**

VICE PRESIDENT

EFFECTIVE: April 1, 2000

BASIC LOCAL EXCHANGE SERVICE**E. LOCAL EXCHANGE EXCEPTIONS (cont'd)**(N)
+**1. Lifeline Assistance (cont'd)****b. Applications and Regulations (cont'd)**

Guidelines for implementation of this program are as follows: (cont'd)

- (9) The Company will not refuse to connect, reconnect, or provide Lifeline Assistance to an eligible subscriber because of unpaid toll charges or local charges other than those for basic local service. However, a Lifeline Assistance subscriber who has been disconnected for non-payment under a prior payment arrangement for paying past due bills, may be required by the Company to satisfy those arrangements prior to reconnection of service.
- (10) The Company may require an eligible Lifeline Assistance subscriber to establish payment arrangements for outstanding debt associated with basic local service and associated taxes and fees, said payment arrangements to be made for a period of not less than four (4) months.
- (11) The Company will not require payment arrangements to be made by an eligible Lifeline Assistance subscriber on other unpaid amounts as a condition of receiving basic local service. However, the Company is not precluded from collecting other portions of the outstanding debt from Lifeline Assistance subscribers by using any other methods as are customary for the Company for collection of outstanding debt from non-Lifeline Assistance subscribers.
- (12) Any payment made by Lifeline Assistance subscribers on past-due amounts will first be credited to unpaid basic local service charges.
- (13) If a Lifeline Assistance subscriber fails to pay charges for basic local service, the subscriber's Lifeline Assistance service may be disconnected by the Company. The subscriber will then be treated in the same manner as any other existing Lifeline Assistance subscriber with regard to reconnection after a disconnect for nonpayment.
- (14) The Company may decline to provide other local services, including but not limited to, ancillary services, if a Lifeline Assistance subscriber has outstanding debt for local service. Such other local services may not be declined for non-payment of toll services. (N)

BASIC LOCAL EXCHANGE SERVICE**G. VERIFICATION AND EMERGENCY INTERRUPT SERVICE****1. General**

Verification and Emergency Interrupt Service is furnished where and to the extent that facilities permit. The customer shall indemnify and save the Company harmless against all claims that may arise from either party to the interrupted call or any person.

a. Verification Service

1. The Company furnishes Verification Service for the purpose of aiding subscribers with legitimate call completion problems. Upon request, the operator will verify and provide the line status condition of a local subscriber line.
2. A subscriber originated request for verification of a local number other than an emergency agency number is a chargeable Verification Service request. No charge applies if the line is out of order.

b. Emergency Interrupt Service

1. The Company furnishes Emergency Interrupt Service when a subscriber who has originated a Verification Service request to a line which has been found in a busy talking state informs the operator that an urgent or emergency situation exists and requests that the operator have the busy line cleared.
2. A subscriber originated request for Emergency Interrupt to a local number other than an emergency agency number is a chargeable Emergency Interrupt request.
3. An Emergency Interrupt requires a Verification. Both charges are applicable for an Emergency Interrupt request.

2. Application of Rates and Charges

- a. No charge will apply if the requesting customer identifies that the call is to or from an official public emergency agency. An official public emergency agency is defined as a government agency which is operated by the Federal, state or local government, and has the capability and legal authority to provide prompt and direct aid to the public in emergency situations. Such agencies include the local police, state police, fire department, licensed hospitals, etc.
- b. Charges may not be billed on a collect basis or on a third number basis to the number being verified or interrupted.
